SUBJECT INDEX TO VOLUME XIV

- Abortion, and mental health, 95-98
- Acting-out behavior, Adlerian therapy in, 44
- Action therapy, value of, 42
- Addiction to drugs. *See* Drug abuse
- Adlerian therapies, 41-48
- Adoption
- and alcoholism, 92
 - and criminality, 87-88
 - and schizophrenia, 90
- Affective disorders
- in old age, rating scale for, 371-379
 - primary, precipitating factors in, 197-202
- Age, and onset of depression, 103
- Aged
- care of, 9-15
 - rating scales for affective symptoms in, 371-379
- Agression
- and combat behavior, 174
 - diphenylhydantoin affecting, in prisoners, 503-510
 - lithium affecting, in prisoners, 311-316
- Agranulocytosis, from phenothiazines, psychosis after, 319-323
- Alcoholism
- and adoption, 92
 - as familial disease, 92-93
 - family studies in, 99-105
- American Psychopathological Association, 83-93
- Amitriptyline, and exacerbation of psychopathology, 565
- Amphetamines, psychosis from, 566-567
- Analgesia, from oral dose of THC, 549-556
- Analytic therapy
- and attitude theory, 436-439
 - in France, 7
 - and medical model for psychiatric disorders, 49-68
- Antipsychiatric movement, 7, 301-306
- Antisocial behavior
- Adlerian therapy in, 44-45
 - in soldiers in Vietnam, 171, 179
- Anxiety, diphenylhydantoin affecting, in prisoners, 503-510
- Attitude theory, review of, 435-439
- Benzotropine
- and exacerbation of psychopathology, 566
 - with haloperidol, in schizophrenia, 403, 407-408
- Bereavement, morbidity in first year of, 151-157
- Book reviews
- Anxiety: Its Components, Development and Treatment (*Lesse*), 569-570
 - Encounter: Group Sensitivity Training Experience (*Goldberg*), 81
 - Focal Psychotherapy (*Balint, Ornstein & Balint*), 473-474
 - Progress in Group and Family Therapy (*Sager & Kaplan*), 569
 - Psychophysiology of Learning and Memory (*Maggio*), 81-82
 - Review of Psychotropic Drug Side Effects (*Shader & DiMascio*), 82
- Catecholamine synthesis, genetic control of, 88
- Character development, and group therapy, 513-522
- Children
- Adlerian therapy for, 42, 45-46
 - and family studies. *See* Families
 - gender identity test for, 281-290
- Chlorpromazine, and exacerbation of psychopathology, 565
- Chromosome studies. *See* Genetics
- Cognitive functioning, in medical patients, 331-337
- Color blindness, and manic-depressive illness, 92
- Combat behavior, factors affecting, 171-175
- Combat fatigue, in Vietnam, 169-171
- Community care, and geriatric psychiatry, 11-12
- Community mental health facilities. *See* Health care
- Community psychiatry
- in France, 7
 - negative aspects of, 305, 307
- Computer use
- and psychiatric data recording, 133-137
 - and rating scales for affective symptoms in old age, 371-379
- Confidentiality, and computers for data recording, 133-137
- Consolidation, of memory traces, and dream recall, 164-166
- Cost-benefit studies in psychiatry, 451-455
- Counseling
- family, 45-46

Page numbers in *italics* refer to abstracts.

Counseling—(Continued)

- genetic, 88-89
- marriage, 46-47
- Criminality**
 - and adoption, 87-88
 - and chromosome abnormalities, 86
 - dermatoglyphic studies in, 87
 - diphenylhydantoin affecting hostility in prisoners, 503-510
 - lithium therapy for aggressive prisoners, 311-316
- Crisis intervention, in geriatric psychiatry, 11
- Data recording, computers for, 133-137
- Decompensation, and drug abuse, 235-240
- Defensiveness of physicians, and definition of placebo, 107-120
- Delinquency**
 - Adlerian therapy in, 44
 - in soldiers in Vietnam, 179
- Depression**
 - and acute parotitis, 183-187
 - and combat behavior, 174
 - dreams in, 325-329
 - drug therapy combined with ECT, 495-501
 - exacerbation of symptoms after drug therapy, 565, 566
 - familial studies in, 99-105
 - in first year of bereavement, 155
 - and hysterical personality, 121-131
 - in old age, rating scales for, 371-379
- Dermatoglyphic studies, in severe behavior disorders, 87
- Diagnostic categories**
 - in mental health center, 457-463
 - in old age, 371-379
 - racial factors in, 475-487
- Diisopropylfluorophosphate, in schizophrenia, 492-493
- Dreams**
 - and consolidation of memory traces, 164-166
 - in depressed and schizophrenic patients, 325-329
 - recall of, 159-166
 - in REM sleep, 160-161
 - of transsexuals awaiting surgery, 269-279
- Drug abuse**
 - Adlerian therapy in, 44
 - attitudes toward, 465-470
 - effects of oral dose of THC, 549-556
 - in France, 8
 - and function in graduate students, 235-240
 - psychiatric symptoms after marijuana, 415-419
 - psychosis from, 566-567
 - in soldiers in Vietnam, 171

- Drug therapy**
 - combined with ECT, 495-501
 - diisopropylfluorophosphate in schizophrenia, 492-493
 - diphenylhydantoin affecting hostility in prisoners, 503-510
 - and exacerbation of psychopathology, 563-568
 - fluphenazine decanoate, 227-232
 - in France, 5-6
 - haloperidol in schizophrenia, 393-414
 - lithium for aggressive prisoners, 311-316
 - organic brain syndrome from lithium, 251-253
 - parotitis from psychoactive drugs, 183-187
 - physostigmine in schizophrenia, 489-494
 - psychosis after drug-induced agranulocytosis, 319-323
- Drug withdrawal, psychosis from, 567
- Education, psychiatric**
 - and assessment of learning experiences, 29-33
 - and liaison psychiatry, 241-248
 - service context of, 339-350
 - supervision in, 17-24
- Electroconvulsive therapy**
 - combined with drug therapy, 495-501
 - multiple, EEG seizure patterns in, 25-28
 - in psychosis after drug-induced agranulocytosis, 322
 - in schizophrenia, 291-297
- Electroencephalography, and seizure patterns in multiple ECT, 25-28
- Exacerbation of psychopathology, 563-568
 - and resistance to discharge from hospital, 360
- Families**
 - of alcoholics, 92-93, 99-105
 - of depressive patients, 99-105
 - of obsessive-compulsive patients, 139-149
 - of schizophrenics, disorders in, 89, 90-91
- Family planning, and abortion, 95-98
- Family therapy, Adlerian theory in, 45-46
- Fatigue**
 - combat fatigue in Vietnam, 169-171
 - and neurasthenia, 557-562
- Feeling questions, in therapeutic process, 217-225
- Fingerprint abnormalities, in severe behavior disorders, 87
- Finland, geriatric psychiatry in, 12-14
- Fluphenazine decanoate, characteristics of, 227-232
- French psychiatry, developments in, 1-8
- Gender identity. *See* Sexuality.

- Genetics
 and alcoholism transmission, 92-93
 and catecholamine synthesis, 88
 criminality and chromosome abnormalities, 86
 and heredity counseling, 88-89
 manic-depressive illness transmission, 91-92
 selective mechanisms in schizophrenia, 89-90
 severe behavior disorders and chromosome abnormalities, 86-87
 studies of families of schizophrenics, 90-91
- Geriatrics
 and psychiatry, 9-15
 rating scales for affective symptoms in old age, 371-379
- Grief, and morbidity in first year of bereavement, 151-157
- Group interactions
 patient-peer interactions in hospital, 255-262
 patterns in Vietnam, 175-178
- Group therapy
 and Adlerian counseling, 45-46
 and character development, 513-522
- Guilt, and combat behavior, 174
- Haloperidol
 in psychosis after drug-induced agranulocytosis, 321
 in schizophrenia, 393-414
- Hamlet's antic disposition, 189-195
- Health care delivery systems
 cost-benefit studies of, 451-455
 diagnostic categories in, 457-463
- Health-disease framework, for psychiatric disorders, 49-68
- Heatstroke, in schizophrenia, 263-266
- Hereditary conditions. *See* Genetics
- Hospitalization
 effectiveness of therapeutic procedures in, 365-369
 and racial factors in symptomatology, 475-487
 and resistance to discharge, 357-363
 and social functioning of patients, 255-262
- Hostility. *See* Aggression
- Hysterical personality, and depression, 121-131
- Illness, tertiary gains of, 523-533
See also Physical illness
- Imipramine, and exacerbation of psychopathology, 565
- Iowa, studies in, 99-105, 197-202
- Irrational feelings, therapeutic approach to, 217-225
- Learning experiences, effectiveness of, 29-33
- Liaison psychiatry, in university medical center, 241-248
- Limbic system, in schizophrenia, 412
- Literary studies, of Hamlet's antic disposition, 189-195
- Lithium
 for aggressive prisoners, 311-316
 organic brain syndrome from, 251-253
- Manic-depressive illness
 and color blindness, 92
 inheritance of, 91-92
- Marijuana use
 and effects of oral dose of THC, 549-556
 psychiatric symptoms after, 415-419
See also Drug abuse
- Marriage counseling, Adlerian theory in, 46-47
- Medical model, for psychiatric disorders, 49-68
- Medical patients. *See* Physical illness
- Memory
 consolidation of traces, and dream recall, 164-166
 oral dose of THC affecting, 549-556
- Mental health facilities. *See* Health care
- Methotrimeprazine, and exacerbation of psychopathology, 565
- Military personnel in Vietnam, psychiatric problems of, 169-180
- Morale, of soldiers in Vietnam, 171
- Mourning, and morbidity in first year of bereavement, 151-157
- Neurasthenia, 557-562
- Neuroleptics, long-acting, 227-232
- Obsessive-compulsive neurosis, in Taiwan, 139-149
- Organic brain syndrome, from lithium, 251-253
See also Physical illness
- Pain perception, oral dose of THC affecting, 549-556
- Parotitis, acute, and depression, 183-187
- Personal attitude rating, 421-449
- Pharmacotherapy. *See* Drug therapy
- Phenothiazines
 agranulocytosis from, and psychopathology, 319-323
 with ECT in schizophrenia, 495-498
 and exacerbation of psychopathology, 565
- Physical illness
 cognitive functioning in, 331-337
 drug-induced agranulocytosis, psychosis after, 319-323
 in first year of bereavement, 151-156

Physical illness—(Continued)

- organic brain syndrome from lithium, 251-253
- and psychosomatic medicine, 203-214
- tertiary gain of, 523-533
- Physostigmine, in schizophrenia, 489-494
- Piperazine derivatives, in psychosis after drug-induced agranulocytosis, 320-321
- Placebo use
 - and defensiveness of physicians, 107-120
 - self-administered placebo test, 535-548
- Political issues, and combat behavior, 172
- Precipitating factors, in schizophrenia and primary affective disorders, 197-202
- Prisoners. *See* Criminality
- Procyclidine, and exacerbation of psychopathology, 566
- Psychiatry today
 - cost-benefit studies in, 451-455
 - in France, 1-8
 - nebulous scope of, 299-308
- Psychoanalysis. *See* Analytic therapy
- Psychodrama, value of, 42
- Psychologists, professional identity of, 304-305
- Psychosomatic medicine, and social change, 203-214
- Racial factors, in psychiatric symptoms, 475-487
- Radical psychiatry, 302
- Rating scales
 - for affective symptoms in old age, 371-379
 - for personal attitudes, 421-449
- Reception service, residents working in, 345-347
- Repression, quantification of, 381-385
- Residency training. *See* Education, psychiatric
- Resistance, to discharge from hospital, 357-363
- Resocialization of psychotics, 43
- Revenge, and combat behavior, 173-174
- Salivation, in depression, 185
- Schizophrenia
 - and adoption, 90
 - diisopropylfluorophosphate in, 492-493
 - dreams in, 325-329
 - drug therapy combined with ECT, 495-501
 - electroconvulsive therapy in, 291-297
 - exacerbation of symptoms after drug therapy, 565, 566
 - family studies in, 90-91
 - first-rank symptoms and severity of illness, 353-355
 - fluphenazine decanoate in, 227-232
 - haloperidol in, 393-414
 - heatstroke in, 263-266
 - physostigmine in, 489-494
 - precipitating factors in, 197-202
 - resocialization in, 43
 - selective genetic mechanisms in, 89-90
- Schizophrenic spectrum disorders, in families of schizophrenic children, 89
- Schools, Adlerian counseling in, 45-46
- Scientology, 303
- Service context, of psychiatric education, 339-350
- Sexuality
 - and dreams of transsexuals awaiting surgery, 269-279
 - and gender identity test, 281-290
- Skinnerian technology and psychiatry, 387-391
- Sleep
 - in schizophrenia, haloperidol affecting, 397
 - See also* Dreams
- Smoking, campaign against, casualties of, 35-39
- Social behavior
 - and Adlerian therapy, 41-48
 - of hospitalized patients, 255-262
 - and neurasthenia, 560
 - in schizophrenia, haloperidol affecting, 397-400
- Social psychiatry. *See* Community psychiatry
- Speech generation, oral dose of THC affecting, 549-556
- Suicide
 - in families of depressive patients, 102
 - in France, 7-8
 - persistently suicidal patient, 71-78
- Supervision, in psychiatric training, 17-24
- Survival, and combat behavior, 173
- Taiwan, obsessive-compulsive neurosis in, 139-149
- Teaching of psychiatry. *See* Education, psychiatric
- Tetrahydrocannabinol, oral dose of, effects of, 549-556
- Thioxanthines, in psychosis after drug-induced agranulocytosis, 321-322
- Tobacco use, campaign against, casualties of, 35-39
- Transsexuals awaiting surgery, dreams of, 269-279
- Trauma, and neurasthenia, 559-560
- Twins, obsessive-compulsive neurosis in, 139-140
- Vietnam, psychiatric problems in, 169-180
- Widowhood, morbidity of, 151-157
- Withdrawal of drugs, psychosis from, 567

Comprehensive PSYCHIATRY

CONTENTS OF VOLUME XIV, 1973

NO. 1

JANUARY/FEBRUARY 1973

Recent Developments and Trends in French Psychiatry	<i>Pierre Pichot</i>	1
Research in Geriatric Psychiatry and the Care of the Aged	<i>Asser Stenbäck</i>	9
Supervision: The Challenge of the New Student		
	<i>Edith T. Shapiro, Henry Plnsker, and Jose A. Bueno</i>	17
EEG Seizure Patterns During Multiple Unilateral and Bilateral ECT		
	<i>Richard Abrams, Jan Volavka, and Max Fink</i>	25
The Effectiveness of Different Learning Experiences for Teaching Psychiatry		
	<i>Billie S. Ables and Jeffrey Brandsma</i>	29
Casualties of the Antismoking Campaign	<i>John S. Tamerin and Charles P. Neumann</i>	35
Current Adlerian Therapies	<i>Arthur G. Nikelly</i>	41
The Medical Model in Psychoanalysis and Psychotherapy	<i>Ruth Macklin</i>	49
No Exit: The Persistently Suicidal Patient	<i>Jerrold S. Maxmen and Gary J. Tucker</i>	71
Book Reviews		81
American Psychopathological Association: Program and Abstracts		83

NO. 2

MARCH/APRIL 1973

Legal Abortion as a Positive Mental Health Measure in Family Planning		
	<i>Zigmond M. Lebensohn</i>	95
The Iowa 500: Familial and Clinical Findings Favor Two Kinds of Depressive Illness		
	<i>G. Winokur, J. Morrison, J. Clancy, and R. Crowe</i>	99
Defensiveness in the Definition of Placebo	<i>Arthur K. Shapiro and Elmer Struening</i>	107
Hysterical Personality and Depression: A Pathogenetic View	<i>Renato Alarcon and Lino Covi</i>	121
Computers and Psychiatric Data Recording: Rationale and Problems of Confidentiality		
	<i>H. B. Kedward, M. R. Eastwood, and F. W. Furlong</i>	133
Psychopathologic Study of Obsessive-Compulsive Neurosis in Taiwan	<i>Wen-Shing Tseng</i>	139
The Clinical Morbidity of the First Year of Bereavement: A Review	<i>Paula J. Clayton</i>	151
Dream Recall: Facts and Perspectives	<i>Z. Giora</i>	159
The Changing Patterns of Psychiatric Problems in Vietnam	<i>John A. Renner, Jr.</i>	169
Acute Parotitis Associated with Depression and Psychoactive Drug Therapy	<i>David H. Rosen</i>	183
What Method This Madness: An Inquiry Into Hamlet's Antic Disposition	<i>Ernest S. Wolf</i>	189

NO. 3

MAY/JUNE 1973

- The Iowa 500: Precipitating Factors in Schizophrenia and Primary Affective Disorder
John Clancy, Raymond Crowe, George Winokur, and James Morrison 197
- Psychosomatic Medicine in a Changing Society: Some Current Trends in Theory and Research *Z. J. Lipowski* 203
- Irrational Feelings: A Therapeutic Approach *Harold Kelman* 217
- The Problem of Clinical Activity of Long-acting Neuroleptics
A. B. Smulevitch, E. I. Minsker, N. A. Mazayeva, R. P. Volkova, and S. K. Lukanina 227
- Drug Abuse and Function in Graduate Students *Tighe O'Haprahan and Ira D. Glick* 235
- Liaison Psychiatry in the University Medical Center. *Chase Patterson Kimball* 241
- Organic Brain Syndrome During Lithium Carbonate Treatment
Arthur Rifkin, Frederic Quitkin, and Donald F. Klein 251
- A Classification of Patient-Peer Interaction
Alexander Hoffer, Melvin Cohen, and Donald F. Klein 255
- Heatstroke in Three Chronic Schizophrenics: Case Reports and Clinical Considerations
Thomas N. Wise 263
- Dreams of Transsexuals Awaiting Surgery *Vamik D. Volkan and Tajammul H. Bhatti* 269
- Gender Identity and Its Measurement in Children
Maria Paluszny, Benjamin Beit-Hallahmi, John C. Catford, Ralph E. Cooley, Cecelia Yoder Dull, and Alexander Z. Guiora 281

NO. 4

JULY/AUGUST 1973

- Electroconvulsive Treatment for Schizophrenia. A Ten-Year Survey in a University Hospital Psychiatric Department. *Donn A. Wells* 291
- The Nebulous Scope of Current Psychiatry. *Miguel Cerrolaza* 299
- The Long-Term Use of Lithium in Aggressive Prisoners
Joe P. Tupin, David B. Smith, T. L. Clanon, L. I. Kim, A. Nugent, and A. Groupe 311
- Treatment of Psychosis Subsequent to Phenothiazine-induced Agranulocytosis
J. V. Ananth and A. Beszterczey 319
- A Comparison of Dream Content in Laboratory Dream Reports of Schizophrenic and Depressive Patient Groups *Milton Kramer and Thomas Roth* 325
- Study of Cognitive Functioning in a Medical Population
F. H. Lowy, F. Engelsmann, and Z. J. Lipowski 331
- The Service Context of Psychiatric Education *Norris Hansell* 339
- First-Rank Symptoms, Severity of Illness, and Treatment Response in Schizophrenia
Richard Abrams and Michael Taylor 353
- On Resistance to Discharge. *Alfred B. Lewis, Jr.* 357
- What Helps Most About Hospitalization? *C. V. Leonard* 365
- The Use of Rating Scales for Computer Analysis of the Affective Symptoms in Old Age
P. Sarteschi, G. B. Cassano, P. Castrogiovanni, and L. Conti 371
- An Information Theory Model for Repression: An Attempt to Quantify Repression
V. Stomopoulos 381

NO. 5

SEPTEMBER/OCTOBER 1973

Skinnerian Technology and Psychiatry	<i>Irwin Savodnik</i>	387
Kinetics and Dynamics of Response to Haloperidol in Acute Schizophrenia—A Longitudinal Study of the Therapeutic Process	<i>Man Mohan Singh and James M. Smith</i>	393
Marijuana Use and Subsequent Psychiatric Symptoms: A Replication	<i>Harold Altman and Richard C. Evenson</i>	415
The Development of an Objective Measure of Values—The Personal Attitude Rating (PAR)	<i>Louis A. Gottschalk, Goldine C. Gleser, Roy R. Whitman, Frederick T. Kapp, Campbell Crockett, and Harvey Mullane</i>	421
Cost-Benefit Studies in Psychiatry	<i>Anthony F. Panzetta</i>	451
Psychiatric Disorders in a Community Mental Health Center. I. Demography and Diagnoses	<i>V. B. Tuason and L. H. Spalt</i>	457
Drug Abuse: A Comparison of Attitudes	<i>Lois Lincoln, Margaret Berryman, and Margaret W. Linn</i>	465
Book Review		473

NO. 6

NOVEMBER/DECEMBER 1973

Psychiatric Symptoms in White and Black Inpatients. I: Record Study	<i>Jay L. Liss, Amos Welner, Eli Robins, and Marsha Richardson</i>	475
Psychiatric Symptoms in White and Black Inpatients. II: Follow-up Study	<i>Amos Welner, Jay L. Liss, and Eli Robins</i>	483
The Effects of Physostigmine in Phenothiazine Resistant Chronic Schizophrenic Patients: Preliminary Observations	<i>Randall Rosenthal and Llewellyn B. Bigelow</i>	489
